

DEPARTMENT OF EDUCATIONAL FOUNDATIONS (EDUCATION ARTS)

ACADEMIC PROGRAMME FOR BACHELOR OF ARTS IN EDUCATION (BA Ed, B.Ed)

1.0 INTRODUCTION

1.1 History

The Department of Educational Foundations was created in 1982. During this time, the Faculty of Education like all other faculties of the University functioned under the School System, hence it was School of Education. In this wise, it existed as a one department faculty - the Foundations of Education. From 1st October, 1983 it was formally split into four (4) departments and an Institute of Education. Among the four new departments was the Foundations of Education.

In 2004/2005 academic session, the Faculty of Education made a major shift in focus; emphasis shifted to Teacher Education. Following the shift, the department was renamed Department of Educational Foundations (Education Arts). It houses students who offer Arts courses in a four - year academic programme for the award of Bachelor of Arts degree in Education (B.A. Ed). Students of this department choose their teaching subjects from the Faculty of Humanities viz departments of English Language, History and Diplomatic Studies, Foreign Languages and Literature (French), Religious and Cultural Studies Theatre Arts and Fine Arts and Design and Music with effect from 2012.

1.2 Philosophy

In line with the philosophy of the Faculty of Education to build a dynamic environment for the creation of a centre of excellence in

Teacher Education, the department houses students who offer Arts subjects. The primary function of the department is to produce professionally qualified classroom teachers in English Language, History and Diplomatic Studies, Foreign Languages and Literature (French), Religious and Cultural Studies, Theatre Arts and Fine Arts and Design and Music.

The ratio of the education courses to teaching subjects is 1:2. In other words, two - thirds of the courses offered are in the teaching subject areas, while one - third is in Education. The department aims at effectively meeting the changing landscape in the education labour market in its catchment areas in particular and Nigeria at large, while reflecting the trends in the international teacher - education programme.

1.3 Vision

The Department of Educational Foundations (Education Arts) seeks to provide the students with the professional training (Foundation Courses) in education while other relevant departments cater for the various academic courses in the teaching subjects and general studies. The vision is to produce first class teachers who will educate children especially at the secondary level of the Nigerian educational system.

1.4 Mission Statement

The mission statement of Educational Foundations is to intellectually, morally and professionally empower the Nigerian youth to embrace and sustain the teaching profession. The department intends to and is determined to achieve the following objectives:

- To be directly engaged in the creation, transmission of periodic evaluation of knowledge delivery in the pursuit of

excellence in academic scholarship and intellectual enquiry through teaching research and public service.

- To provide the education system with highly competent counsellors, able to contribute effectively to the development of Nigerian youth and integrated prosperous society. This is to be done through the integration of relevant research and advisory services to the immediate environs, discipline/subject areas.
- To be a local, national and recognized international centre of excellence in terms of qualitative and relevant knowledge, skills development for the education industry, advisory and public services.
- To advance the academic culture among staff through collaborative interaction with professionals in the field both locally and internationally.
- To continuously initiate programmes that will maximally impact on the University's immediate environment and the Nigerian society.
- Above all, to seek excellence in knowledge and human resource capacity building without sacrificing quality in the Nigerian education industry.

1.5 Course Objectives

1. The programmes of the department are geared specially towards producing the right calibre of primary and secondary school teachers as well as teachers in specialized positions for the nation's educational system in sufficient quality and quantity.
2. Produce/groom teachers and educators with solid background in the concept, knowledge, understanding and reapplication and use of such knowledge for the betterment of themselves and mankind.

2.0 ACADEMIC POLICIES

2.1 Highlights

The following extracts have been taken from the document “Statement of Academic Policies, University of Port Harcourt 1996”. This document was issued first in 1977, in 1983 to reflect the re-organization from a school system to a faculty system; and revised in 1990 to reflect changes in line with the NUC Minimum Academic Standards. The present revision reflects changes made by Senate in 1995 and 2002 to 2012. Students are advised to familiarize themselves with this document.

The section containing General Remarks is included to alert the fresh students on the implications of the new grading system in relation to his/her final degree classification, and the virtue of and reward for hard work, honest and abstinence from vices: examination malpractice and cultism.

2.2 Registration of Courses

Every student is required to register for all courses in his/her area of specialization during the time stipulated which is usually within the first week of resumption, except where otherwise indicated. Students who cannot register during the specified time may however, register later but all registration exercise must be completed within the time allowed for late registration.

Course registration is the responsibility of the student’s parent department. The Head of Department signs for all the courses registered. In registering students, the parent department should ensure that students re-register for all previously failed courses in which the programme requires a pass, and meet the prescribed requirements for each course registered. Furthermore, the total credit units registered must not be less than 15 or more than 24 per semester.

Any registration completed after the time specified will be null and void and will not be credited to the student even when he/she has taken and passed examination in the course. Students are not allowed to sit for examination in courses for which they have not previously registered. Such actions are fraudulent and culprits will be appropriately discipline.

Any genuine request for late registration must be made in writing to the Head of Department, and a late registration fee, whose amount is reviewed each year in line with the cost of living, must be paid to the Bursary. Forms for later registration will be given out only when the appropriate receipt is documented on the form.

Application for adding or dropping a course must be made on the prescribed Add/Drop Form and certified by the Registrar after obtaining the approval of the Head of Department concerned, not later than four weeks before the registration form will be null and void.

2.3 Structure of the Programme

The National Universities Commission Minimum Academic Standards require that each programme in the University should, as much as possible be organized into the following types of courses.

- (a) General Studies Courses
- (b) Core Courses
- (c) Special Area Courses
- (d) Optional Courses

2.4 Requirements for Bachelor's Degree

To obtain a Bachelor of Arts in Education/Bachelor of Science in Education (BA, Ed.) or a Bachelor of Education (B.Ed) degree in the Faculty of Education, the student shall:

- I. Complete the programme of study approved by Senate on the recommendation of the Faculty Board of studies consisting of:
 - (a) Core courses in education
 - (b) Special area courses in education
 - (c) Prescribed courses in teaching subject area where applicable.
 - (d) University courses.
- II. Sit for a pass all examinations on the prescribed courses registered for.
- III. Achieve a minimum overall grade point average (GPA) of not less than 1.00 in the Course registered to remain in the programme.
- IV. Must have passed a total minimum of not less than 120 credit units including success in Teaching Practices I and II and Project
- V. Satisfy all financial obligations to the university as well as may be prescribed by the Senate and
- VI. Be formally recommended by the Board of studies the faculty for the award of the Degree.

2.5 Grading System

The following system of Grade Points shall be used for all Faculties (see table 1)

Mark/Score	Letter Notation	Grade Point (GP)
70% & above	A	5.00
60 - 69	B	4.00
50 - 59	C	3.00
45 - 49	D	2.00
40 - 44	E	1.00
0 - 39	F	0.00

Students are obliged to sit for examination in all registered courses. Any student who fails to sit for a course examination without satisfactory reason earns the grade "F".

2.6 Computation of Grade Average

Every courses carries a fixed number of Credit Units (CU); one Credit Unit being when a class meets one hour every week for one semester, or three hours every week in the laboratory, workshop or field. Quality Point (QP) are derived by multiplying the Credit Units for the course by the Grade Points (GP) earned by the student e.g. in a course with 3 credit units in which a student earned a B with 4 Grade Points, the Quality Points are: $3 \times 4 = 12$. Grade Point Average (GPA) is derived by dividing the Quality Points for the semester by the Credit Units for the semester: e.g. in a semester where the student earned 56 Quality Points for 18 credit units, the GPA is: $56/18 = 3.11$

Cumulative Grade Point Average (CGPA) is derived by adding the Total Quality Points (TQP) to date and dividing by the Total Credit Units (TCU)to date: e.g. if the TQP is 228 and the TCU is 68, the CGPA IS: $228/68 = 3.35$, detailed example of how to calculate GPA AND CGPA is as presented in table

Table 2: Typical Example for GPA-CGPA Computation

First Year, Semester One

Course Code	Credit Units (CU)	Letter Point	Grade Point (GP)	Quality Points (QP)	Grade Point Average (GPA)	Cumulative Grade Point Average (CGPA)
EDU 100.1	3	B	4	12	QP = 6 CU = 17	$TQP = \sum QP$
EDU 101.1	1	C	3	3	GPA = $66 \div 17$ = 3.88	$\sum TQP = 66$ $TU = \sum CU$ = 17 CGPA = $66/17$ = 3.88
EDU 102.1						
GES 101.1						
KHE 102.1						
EDU 103.1						

First Year, Semester Two

Course Code	Credit Units (CU)	Letter Point	Grade Point (GP)	Quality Points (QP)	Grade Point Average (GPA)	Cumulative Grade Point Average (CGPA)
EDU 100.2	5	E	1	5	QP = 48 CU = 20	$TQP = \sum QP$
GES 100.2	4	D	2	8	GPA = $48 \div 20$ = 2.40	$\sum TQP = 66 + 48$ = 114 TCP = $\sum CU = 17+20$ = 37 CGPA = $114 \div 37$ = 3.08
EDU 101.2	5	B	4	2		
EDU 103.2	3	F	0	0		
DAE 104.2	3	A	5	15		

- a. Grades obtained in all approved courses of a student's prescribed programme, excluding audited courses, shall be used to compute the GPA.
- b. Where a student has registered more than the allowed number of free elective courses, chosen in the order of registration, will be used in computing the CGPA. Other elective courses will be treated as audited courses and will not be used in calculating CGPA.
- c. Where a student registered for a course but the result is unavailable, due to no fault of the student, he/she will re-register for it in the next academic year.
- d. When a student transfers from one Faculty to another, only the grades obtained in the courses in the new prescribed programme of study will be used to compute the CGPA.

2.7 Degree Classification

The degree shall be awarded with 1st, 2nd Class Upper, 2nd Class Lower, 3rd class Honours. Or a Pass degree the Cumulative Grade Point Average for these classifications shall be:

Class of Degree Grade Average	Old Cum. Grade Average	New Cum.
1 st Class	4.50 - 5.00	4.50 - 5.00
2 nd Class (Upper Division)	3.50 - 4.49	3.50 - 4.49
2 nd Class (Lower Division)	2.40 - 3.49	2.40 - 3.49
3 rd Class	1.50 - 2.39	1.50 - 2.39
Pass	1.00 - 1.49	0.00 - 1.49
Fail	0.00 - 0.99	

2.8 Continuation, Probation and Withdrawal

The essential points on the subject matter are as highlighted below:

2.8.1 Continuation Requirement

The continuation requirement in the University is a CGPA of 1.00 at the end of every academic year.

2.8.2 Probation

Probation is a status granted to a student whose academic performance falls below an acceptable standard. A student whose Cumulative Grade Point Average (CGPA) is below 1.00 at the end of a particular year of study earns a period of probation for one academic session.

2.8.3 Limitation of Registration

Students on probation may not register for more than 15 units per semester. The purpose of the restriction is to give the students a chance to concentrate on improving their performance and thus raising their CGPA.

2.8.4 Warning of De-registration

Students are therefore warned by their department if at the end of any semester their GPA falls below 1.00 or 1.50 from 2015/2016 set.

2.8.5 Repeating Failed Course Unit(s)

Subject to the conditions for withdrawal and probation, a student must repeat the failed course unit(s) at the next available opportunity, provided that the total number of credit unit(s) at the next during that semester does not exceed 24, and the Grade Point earned at all attempts shall count towards the CGPA.

2.8.6 Withdrawal from Study

A student whose Cumulative Grade Point Average is below 1.00 at the end of one year's probation shall be required to withdraw from the programme.

2.8.7 Duration of Programme

The programme lasts for a minimum of four years and maximum of six years.

2.9 Auditing of Courses

Students may attend a course outside their prescribed programme. The course shall be recorded in their transcript only if they have registered for it with the approval of the Head of their Department of the Dean of their Faculty and taken the prescribed examination. An audited course shall not be used in calculating the CGPA.

2.10 Academic Advisers

Every student is attached to an Academic Adviser who is a member of the academic staff and who will advise him/her on academic affairs as well as on personal matters. Academic Advisers are expected to follow their student's academic progress and provide counselling to them.

It is the duty of the Head of Department to assign an Academic Adviser to each student at the beginning of each session. Academic Advisers should give clear information on the notice- boards or on their doors about appropriate times and places at which they will be available to students who wish to consult them.

2.11 General Remarks

All the students admitted into the 1st year of the Faculty of Education must have met the entry requirements, and thus are eligible to pursue the available careers in the Faculty. However, experience has shown that many of these students relax their efforts in the early years of study, apparently assuming that, like the practice in the primary and secondary schools, they would

make up the lost efforts in their later years of study. This assumption is false in the Nigerian University System.

Here at the University of Port Harcourt, every registered course (except officially dropped):

- I. Requires a minimum of 70% attendances to lecture/tutorial (L) and/or laboratory/practice (P) to qualify for examinations.
- II. Must be continuously assessed through assignments, tests, etc.
- III. Must have a grade returned, and
- IV. Must have a grade returned for every student who registered for it, which must comprise 30% from the continuous assessment and 70% from the examination.

Each course in the programme contributes toward the cumulative grade point average (CGPA) with its weight (credit units). In the Faculty of Education the weights for a course may be 1, 2 and 3 credit units as the case may be, except for the final year project whose weight is 4 credit units teaching practice is offered at the end of year 2 and 3.

Most top job opportunities in the job market usually reserved for graduates with excellent or very good degree classified (1st Class or 2nd Class Upper Division). For example to be qualified to become a lecturer in the University, one's first degree must not fall below 2nd Class Upper Division. And to qualify for admission into a post graduate degree programme at the University of Port Harcourt, one's first degree must not be below 3.0.

In terms of the letter grades earned all the courses offered in a given academic programme of study, 1st Class, 2nd Class Upper Division and High 2nd Class Lower Division simply mean, receptively:

- I. The 1st Class is equivalent to the attainment of at least 'A' 'B' average (a minimum final CGPA of $(5 + 4)/2 = 4.50$) during the course of study. To achieve this, one must earn very few 'Cs' say, two or three, and more 'As' than 'Bs' in all the courses. Earning even one 'E' grade and/or 'Ds' can be fatal.
- II. The 2nd class division is equivalent to the attainment of at list 'B' 'C' average (a minimum final CGPA of $(4+3)/2 = 3.50$) during the course to study. To achieve this, one must earn very few 'Ds' say, two or three, many 'Bs' and 'As'. Earning few 'Es' and 'Ds' can be fatal.
- III. The 'high' 2nd Class Lower Division is equivalent to the attainment of a grade of 'C' (a minimum final CGPA of 3.0) during the course of study. To achieve one must be an average student throughout the programme of study.

Therefore, for the ambitious student, hard work begins from year 1 and spans through year 4. Few low grades can thwart a student's ambition. However, one should always be true to his/her abilities, and not resort to cheating to claim what does not belong to him/her. Appendix A presents some of the penalties for a false ambition (examination malpractice). Students are therefore advised to completely avoid vices (such as secrete cultism and examination malpractice) that will ultimately put them out of course and disrepute. They are rather encouraged to be obedient, humble and law-abiding and to act in such a manner as to achieve their primary purpose of advancing their education.

The Faculty also offers Post-Graduate courses at both Masters and Doctoral levels in various departments in collaboration with the school of graduate studies. Details are available at the school of graduate studies of the University.

2.12 Examination Malpractice

Any student found guilty of forging certificates, transcripts and other official documents shall be expelled from the University.

2.13 Forgery

Any student found guilty of forging certificates, transcripts and other official documents shall be expelled from the University.

2.14 Dean's List

A student, who by virtue of his performance at the end of any academic semester achieves a GPA of 4.00 or over, will have his/her name published in the Dean's list of the Faculty. Each list is valid for one semester immediately following the publication of the result and until the publication of the result of the next semester. The names on the Dean's list reflect not only the excellent performance of the students but also demonstrate academic capabilities of a high degree. Consequently, such a student may be required to take extra courses beyond normal course load.

2.15 General University's Regulation

The above regulations shall be read in conjunction with the general University regulations, which are regarded as part of these regulations.

The Department of Educational Foundations has the following sub-disciplines:

English Studies

History and Diplomatic Studies

Religious and Cultural Studies

French

Fine Arts and Design

Theatre Arts

Music

Students in each sub-discipline offer University wide courses, courses in education and courses that are peculiar to their individual sub-disciplines. Senate regulation stipulates that each student offers a maximum of 48 credit units in both semesters. As a policy of the University as it concerns Educational Foundations, students are expected to pass all courses, meaning that all the courses are compulsory. However, students enjoy a waiver of two failed courses which must not include GES courses, Teaching practice and community service.

Every student in the Department of Educational Foundations has a total workload of 27 hours per week. This is derived from the credit hours for course per week and a two hour initial for each course. Below are the various courses offered in the various sub-discipline in the department.
